

## **BUILD CALIFORNIA'S FUTURE**

### **NPH 2017 Standing Together Agenda**

2017 brings unique challenges and critical moments, and NPH is committed to **Standing Together** with partners and allies to protect our vulnerable communities.

### **STANDING TOGETHER AGENDA**

In alliance with partners serving similar constituencies and aligned with NPH's mission, vision, and values, NPH will support a **Standing Together Agenda** to protect and defend our communities.

- **Protecting Immigrant Tenants Act of 2017** (AB 291: Chiu) to extend protections developed for workplaces to the home, while protecting good landlords from being drawn into unrelated issues
- **Healthcare for People in our Communities:** Preserve and increase access to health care for veterans, seniors, people with disabilities and low-income workers families under the Affordable Care Act and Medi-Cal expansion
- **Money Bail Reform Act** (AB 42: Bonta) to reduce criminalization of poverty and pre-conviction detention costs
- **SSI for Dignity and Justice** (State Budget) to protect and strengthen supplemental security income support to lift our nation's most vulnerable communities up to the poverty line
- **California Voter's Choice Act** (SB 450 implementation with League of Women Voters) to increase access to the ballot through voting centers and mail ballots
- **Make it Fair Campaign** (potential 2018 state ballot initiative) to close commercial property tax loopholes and help California invest in our schools and community colleges, strengthening public safety and affordable housing, fixing our roads, building transit, offering small businesses tax relief, keeping parks and libraries open and maintaining other vital services – like housing.

### **STANDING TOGETHER, WE CAN MAKE A DIFFERENCE**
