

PSH Outcome

Global Outcome

- Housing stability: A resident can meet lease obligations over the long term, make community connections, develop life skills that build on their individual capacity, and have an improved self-perception on quality of life.

Supporting Outcomes

- Regular and consistent on-time rent payments due to sufficient income, life skills to manage finances, or re-payee/supportive services in place.
- Reduction in patterns of lease violations, critical incidents, and/or calls to EMS
- Increased positive resident self-report of quality of life, engagement with community, satisfaction, and sense of empowerment
- Regular consistent engagement and participation in community life.
- Regular and consistent engagement in medical/health care/mental health services that are provided and in place.
- Improved ability to live in community and manage household responsibilities.
